

# PRESBYTERIAN GIVING CATALOG

## Ornament Template Overview

These instructions have been created specifically for using a Cricut; however, the same instructions will work if simply printing the template pieces using plain white and/or various colors of paper and cutting them out by hand.

1. Visit <https://presbyteriangifts.pcusa.org/page/Templates-and-Instructions/> to download one, or all, of the templates.
2. From your Downloads folder, open each template folder to find the pieces that should be printed. Template files are named with the color that will print.
3. Open each file and if using a Cricut, choose the color paper you would like to use and cut the shape. Or print each file using a printer and hand-cut.
4. **Once the images have been cut, they are ready to assemble!**
5. Place each image on top of one another, securing each one using a glue stick or tape. If you have trouble with the stacking, not to worry, we've included an "example" in each folder that can be used for guidance.
6. Once assembled, make sure to take a cute picture and tag us on social media using @GivingCatalog!

SMALL GIFTS. BIG IMPACT.

100 Witherspoon Street | Louisville, KY 40202-1396 | 800-728-7228, ext. 5047
